

Skills and Experience Worksheet

Solera has about 2000 residents with a wealth of skills and experiences that can be a great asset to the community. The Solera HOA is interested in “tapping into” those skill sets when working various technical, engineering, or construction projects that it has decided to pursue. If you are interested in volunteering some of your time (a little or more) in this regard either as a part of a committee or on a more limited individual basis, please complete the form below:

I am interested in assisting the Solera HOA on projects that could benefit from my skills and/or experiences. I understand that I may be called on to assist in these various projects but it is totally up to me whether I get involved or to what extent I get involved.
